\$2,500,000). On January 15, 1995, you document net unrealized gains on Publicly Traded and Marketable securities of \$200,000 and compute an increased limit of \$540,000 (20 percent of \$2,700,000). You now make an investment of \$540,000 in a Small Business. Nothing changes until the first business day of April, 1996, when you document net unrealized gains on Publicly Traded and Marketable securities of only \$120,000, a reduction of more than 30 percent. Your net unrealized gains remain at this level for the next 30 days. Your increased limit is now only \$524,000 (20 percent of \$2,620,000). By July 1, 1996, you must either increase Regulatory Capital by \$80,000 to restore your increased limit to \$540,000, or reduce your portfolio investment from \$540,000 to \$524,000.

§ 107.750 Conditions for financing a change of ownership of a Small Business.
